<div style="text-align: center;"> <p>PACKAGE LEAFLET: INFORMATION FOR THE USER</p> <p>Carbocisteine 375 mg Capsules carbocisteine</p> </div> <p>Read all of this leaflet carefully before you start taking this medicine because it contains important information for you.</p> <ul style="list-style-type: none"> • Keep this leaflet. You may need to read it again. • If you have any further questions, ask your doctor or pharmacist. • This medicine has been prescribed for you only. Do not pass it on to others. It may harm them, even if their signs of illness are the same as yours. • If you get any side effects, talk to your doctor or pharmacist. This includes any possible side effects not listed in this leaflet. See section 4. <div style="border: 1px solid black; padding: 5px; margin: 10px 0;"> <p>What is in this leaflet</p> <ol style="list-style-type: none"> 1. What Carbocisteine Capsule is and what it is used for 2. What you need to know before you take Carbocisteine Capsule 3. How to take Carbocisteine Capsule 4. Possible side effects 5. How to store Carbocisteine Capsule 6. Contents of the pack and other information </div> <div style="border: 1px solid black; padding: 5px;"> <p>1. WHAT CARBOCISTEINE CAPSULE IS AND WHAT IT IS USED FOR</p> <p>Carbocisteine 375 mg Capsules contain a medicine called carbocisteine. This belongs to a group of medicines called 'mucolytics'. It works by making mucus (phlegm) less sticky. This makes the mucus easier to cough up. Carbocisteine Capsules are used for problems with the breathing passages (respiratory tract). These problems happen when too much mucus is made or the mucus is too sticky.</p> </div> <div style="border: 1px solid black; padding: 5px;"> <p>2. WHAT YOU NEED TO KNOW BEFORE YOU TAKE CARBOCISTEINE CAPSULE</p> <p>Do not take Carbocisteine capsules if:</p> <ul style="list-style-type: none"> • You are allergic to carbocisteine or any of the other ingredients of this medicine (listed in Section 6) • Signs of an allergic reaction include: a rash, swallowing or breathing problems, swelling of the lips, face, throat or tongue • You have an ulcer in your stomach or gut <p>Do not take this medicine if any of the above apply to you. If you are not sure, talk to your doctor or pharmacist before taking Carbocisteine Capsules.</p> <p>Warnings and precautions: Talk to your doctor or pharmacist before taking Carbocisteine Capsules if:</p> <ul style="list-style-type: none"> • You are elderly. • Have had an ulcer in your stomach or gut. • You are taking other medicines known to cause bleeding in the stomach. <p>Pregnancy and breast-feeding Carbocisteine is not recommended during pregnancy or breast-feeding.</p> </div> <div style="border: 1px solid black; padding: 5px;"> <p>3. HOW TO TAKE CARBOCISTEINE CAPSULE</p> <p>Always take Carbocisteine Capsules exactly as your doctor has told you. You should check with your doctor or pharmacist if you are not sure.</p> <ul style="list-style-type: none"> • Take this medicine by mouth • If you feel that this medicine is too weak or too strong, do not change the dose yourself, but ask your doctor <p>Adults (including the elderly)</p> <ul style="list-style-type: none"> • Usual dose is two capsules, 3 times each day • If your symptoms improve, your dose should be lowered to one capsule, 4 times, each day </div> <div style="border: 1px solid black; padding: 5px;"> <p>4. POSSIBLE SIDE EFFECTS</p> <p>Like all medicines, Carbocisteine Capsules can cause side effects, although not everybody gets them.</p> <p>Stop taking Carbocisteine Capsules and see a doctor or go to a hospital straight away if:</p> <ul style="list-style-type: none"> • You have an allergic reaction. The signs may include: a rash, swallowing or breathing problems, swelling of the lips, face, throat or tongue • You have blistering or bleeding of the skin, including around your lips, eyes, mouth, nose and genitals. You may also have flu-like symptoms and fever. This may be something called 'Stevens-Johnson syndrome' • You have blood in your vomit or black tarry stools <p>Tell your doctor or pharmacist if any of the following side effects get serious or lasts longer than a few days:</p> <ul style="list-style-type: none"> • Feeling sick (nausea) or being sick (vomiting) • Diarrhoea • Stomach pain <p>Talk to your doctor or pharmacist if you notice any side effects not listed in this leaflet.</p> <p>Reporting of side effects If you get any side effects, talk to your doctor, pharmacist or nurse. This includes any possible side effects not listed in this leaflet.
